## BPP225 LED PAR 64 14x 18W 6-in-1 LEDS

This light effect has 14x 18W LEDs and is housed in a lightweight PAR 64 can. It can be operated via various DMX settings in 2 separate controllable LED rings. Due to the colour technology this light has fourteen LED modules with big lenses (45mm), so you have the ability to mix any colour! It has been specially designed to enrich the wash possibilities and to ensure a better convergence of light. With the pre-programmed effects and strobe/fade function you are able to create an astonishing light show. The extra Power Connector output enables you to simply link the power of multiple units together into a single socket. Also comes with an IR remote control.
