## BPP200 LED PAR 64 12x 18W HEXA IR DMX

This 4 or 10-channel DMX light effect has 12x 18W LEDs and is housed in a PAR 64 can. Due to the colour technology this light has twelve LED modules, so you have the ability to mix any colour! It has been specially designed to enrich the wash possibilities and to ensure a better convergence of light. With the pre-programmed effects and strobe/fade function you are able to create an astonishing light show. The unit can be linked together in daisy chain. Also comes with an IR remote control.
