BPP210 LED PAR 64 18x 12W Quad RGBW IR DMX

This 4 or 8-channel DMX light effect has 18x 12W Quad LEDs and is housed in a PAR 64 can. Due to the Quad colour technology this light has eighteen 4-in-1 LED modules, so you have the ability to RGBW colour mixing! It has been specially designed to enrich the wash possibilities and to ensure a better convergence of light. With the pre-programmed effects and strobe/fade function you are able to create an astonishing light show. The unit can be linked together in daisy chain. Also comes with an IR remote control.
