151.265 PS12W LED Spot 12W RGBW IR

The PS12W is a compact pinspot with a powerful 12 watt 4-in-1 LED. The LED is build up with the colours red, green, blue and white and the light intensity can be adjusted in 9 steps. Because of the narrow spot it's ideal for aiming at mirror-balls, it can also be used to create mood lighting on a restaurant table, or to spotlight displays in store. The PS12W is equipped with an internal cooling unit, so there is no need for a noisy fan.

- 1x 12W RGBW 4-in-1 LED
- Colour mixing: Red, Green, Blue and White
- LED light intensity can be adjusted in 9 steps
- Lens with 5° degree beam angle to create a narrow bundle
- Strobe function
- Sound activated
- Auto mode
- Internal cooling without fan
- Including mounting bracket and remote control

Lightsource	4-in-1 LED
LED Colours	Red, Green, Blue, White
