BAC302 Aluminium LED Par

The BeamZ BAC302 is a slimline Aluminium LED ProPar, created by the latest LED technology. It includes 6x 12W 6-in-1 LEDs (RGBWA-UV). Highly efficient, natural convection cooling thanks to the attractive cast aluminium housing with heat sink design. There are no internal cooling fans in these PAR cans, which mean absolutely zero noise. The 4 push button LED menu allows for easy access to the functions including DMX, master/slave, sound activation and the stand alone function. Equipped with IEC in/out and XLR 3-pin in/out for daisy chaining multiple units together.

Beam angle	26°
Field angle	50°
No. of colours	6
Colours	RGBWA-UV
No. of LEDs	6x 12W
Flash rate per second	1-24Hz
DMX channels	3, 5, 6 or 11
DMX connection	3-pin XLR
Mode	DMX, Auto, Sound active, Master-Slave and IRC
Connector	Powerconnector input/output
Power supply	110-240VAC, 50-60Hz, 0.3-0.1A
