BAC306 Aluminium LED Par

The BeamZ BAC306 is a slimline Aluminium LED ProPar, created by the latest LED technology. It includes 12x 12W 6-in-1 LEDs (RGBWA-UV). Highly efficient, natural convection cooling thanks to the attractive cast aluminium housing with heat sink design. There are no internal cooling fans in these PAR cans, which mean absolutely zero noise. The 4 push button LED menu allows for easy access to the functions including DMX, master/slave, sound activation and the stand alone function. Equipped with IEC in/out and XLR 3-pin in/out for daisy chaining multiple units together.

Beam angle	27°
Field angle	51°
No. of colours	6
Colours	RGBWA-UV
No. of LEDs	12x 12w
Flash rate per second	1-24Hz
DMX channels	3, 5, 6 or 11
DMX connection	3-pin XLR
Mode	DMX, Auto, Sound active, Master-Slave and IRC
Power supply	110-240VAC, 50-60Hz, 0.6-0.3A
Display	LED
Dimensions	240 x 260 x 87mm
Weight	2.1kg

- 12x 12W 6-in-1 LEDs
- RGBWA-UV Colour mixing
- 3, 5, 6 or 11 DMX channels
- Lightweight housing
- DMX and Stand-alone mode
- 0-100% Electronic Dimmer
- Master/Slave function
- IR remote control
- DMX in/output via 3-pin
- Pre programmed shows
- Sound activated with adjustable sensitivity
- Auto mode with adjustable speed
- Control panel with LED display
- IEC-connector input/output
