## BUV183 LED UV Bar

The BUV183 is a powerful UV LED fixture capable of covering wide area spaces. With its low profile design it lends itself to be installed almost in anyway imaginable. Because the unit is powered by LEDs it in turn becomes a very lightweight unit that can be easily transported from gig to gig for those who are mobile DJs. The BUV183 is powered by 18x 3W LEDs rated with a total power consumption of only 40W. The BUV183 is for washing stages, nightclubs, Bowling Center, Roller Rinks and Fun Centers with ultraviolet light.
