154.100 SUSHI-DS DMX Interface

Transform your computer into a powerful lighting controller!
Out of the box the SUSHI BeamZ Edition comes included with 12 channels (standalone) and 128 DMX channels (live/pc). The SUSHI-DS provides access to four different kinds of DMX software, namely: Sunlite Suite 2004 + Daslight Virtual Controller 1 + Lumidesk lite + Easy Stand Alone 1. The number of channels can be upgraded up to 512 directly from the webstore www.dmxsoft.com. Quick & easy, no need to return the interface. The SUSHI-DS is developed for the beginner light jockey.
