

172.071 FPA1000 PA Amplifier 2x 500W Media Player with Bluetooth

Weight (kg)

1,00

A series of amplifiers for semi-professional use. Modern technology ensures long-term top performance and connecting to and from this amplifier is a simple task! Like all of Fenton amplifiers the FPA1000 is built to hold up under pressure. This unit will give you the sound output you need in a crowded club, a stage or in your studio. It can be connected to any standard studio or mobile rack with ease! Suitable for 19" applications.

- 2x 500W stereo amplifier
