## SPJ-1500A Hi-End Active Speaker 15" VHF

A 15" speaker in a strong ABS cabinet featuring a high quality 800W mixer/amplifier, a VHF microphone system, echo function, a powerful mid-low woofer and a high compression dynamic horn driver for excellent sound reproduction. The XLR line output allows daisy chaining of additional speakers. The durable moulded light weight enclosure is complemented with a tough metal grille that protects the woofer. This active unit can be used stand alone and is ideal for use in bars, restaurants, small theatres and halls, fitness and conference rooms and on stages.
