

PD Power Dynamics 178.910

PD-315SA Active Subwoofer 15"

The PD-3 series is a series of high-quality professional sound reinforcement speaker cabinets with high efficiency and a wide and smooth frequency response at any listening position (short and medium distances). PD-3-series speakers are ideal for a wide range of applications, such as disco, cinema, club, cafe, restaurant, sport facilities and other entertainment. Simply put, PD-3 Series loudspeakers deliver unmatched power and unparalleled sound quality and user-friendly. They are an extremely cost-effective solution for professional applications.

This 15" powered subwoofer has a music power of 800W and produces a sound pressure of 130dB. The crossover ensures that the highs are offered to the satellite speakers. No annoying resonances at high power. With phase control, sub level-controller, ground lift and connection to a second amplifier.

Peak power	1600W
Power music	800W
Power rms	600W
