

952.118 BE42TB In/Outdoor Speaker Black 100V

The BE Series features an innovative and modern "Quadrant" shape that lets you create arrays of multiple speakers for ultra-wide sound dispersion. The robust, sturdy and reliable design is equipped with one 1" high frequency tweeter and two 4" low frequency speakers that stands for superior dispersion over a wide area. Adjustable between 70V, 100V tapings or 8 Ohm operation via rotary switch. You can mount the speakers to the wall horizontally or vertically with the included mounting kit.

- 90° Quadrant shape housing
- Durable black ABS enclosure and metal grill
- Tweeter: 1" Silk Soft Dome
- Woofer: 2x 4" Polypropylene mid/low driver
- 70V/100V multi-tap transformer or 8Ohm
- Fast and simple installation
- Including Aluminium Bracket
- Supplied per piece

Output power:RMS	30W
Tappings power - can select multiple	3.75W, 7.5W, 15W, 30W
